PEW1   Local Governments Collaboration

     Next, I would like to ask you some questions about the role of
     local governments. By local governments we mean city, village, and
     township governments.

     How well do the leaders of local governments in your area work together
     to address issues and solve problems?

     Would you say very well, somewhat well, not very well, or not well at all?

        To get a picture of people's financial situations, we'd like to know the
        general range of incomes of all households we interview. This is
        for statistical analysis purposes and your answers will be kept strictly
        confidential. Now, thinking about your household's total annual
